

Includes
NEMA 3R
Rpower™ GT
Power Center

Grid-Tie PV Systems

Rpower™ GT Integrated Systems are designed to give you the advantage!

Integrated and modular design makes for a cleaner, faster and more professional installation.

System includes the key equipment you need to complete the job.

Innovative, low-profile, rack-mounted junction box provides an easy to wire and aesthetic solution.

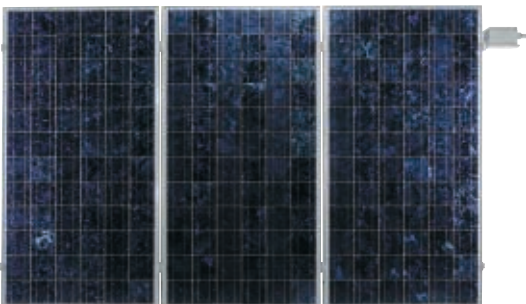

Professional Engineer drawings simplify the permitting process.

Code compliant system includes ETL® listed Rpower™ GT Power Center.

3-module, top-down roof mounting system allows for variable array configurations.

SHARP® 165 Watt Modules included!

BEST Polycrystalline PERFORMANCE

- Industry leading 14.55% cell and 12.68% module efficiency
- Quick installs w/MC® connectors and USE-2 cable
- UL® listed with 25 year power output warranty
